To: Dr. apt. Rollando , S.Farm, M.Sc. <ro.llando@machung.ac.id>

Dear Rollando,

Thank you for your submission to the Tropical Journal of Natural Product Research (www.tjnpr.org) <https://www.scopus.com/sourceid/21100933230> SCOPUS , published by the University of Benin and Natural Product Research Group.

The peer-review process will commence immediately, as the manuscript will be passed to an editor for initial assessment as soon as possible. If there are any problems with your submission, we will contact you. Also, note that manuscripts submitted and undergoing peer review will not be accepted for withdrawal or retraction.

Title: *Antibacterial, Antioxidant, and Cytotoxic Flavonoid Compound from Sterculia Quadrifida Leaves*

Dear Prof. **Abiodun** Falodun, PhD

I am herewith submitting the manuscript entitled "Antibacterial, Antioxidant, and Cytotoxic Flavonoid Compound from Sterculia Quadrifida Leaves" for publication in Tropical Journal of Natural Product Research.

The manuscript discusses about the finding of flavonoid compound from sterculia quadrifida leaves. We first found the flavonoid compound from this plant. The compound have high antioxidant, anticancer dan antibacterial activity.

The manuscript has not been currently submitted for review to any other journal and will not be submitted elsewhere before a decision is made by this journal. We look forward for your positive response.

Review Comments (Antibacterial, Antioxidant, and Cytotoxic Flavonoid Compound from Sterculia Quadrifida Leaves)

Editorial comments to authors

Table 1-4: Use recommended table format (No borders except for column headings and bottom border) for Table 2

For reference section: replace 'et al' with names of all contributing Authors in Ref no; 15, 16, 18, 20, 22, 23.

Poor Grammatical presentation. Please, manuscript should be submitted for English Language editing.

A declaration of the liability of the authors for claims relating to the content of this article should also be included when submitting the revised manuscript. This should be stated as follows;

Authors' Declaration

The authors hereby declare that the work presented in this article are original and that any liability for claims relating to the content of this article will be borne by them.

All comments/corrections made by reviewers should be completely addressed, point by point, and make appropriate changes in the manuscript, or provide a suitable rebuttal to any specific request for change that has not been made.

All corrections/changes made in the manuscript should be **highlighted in yellow colour** when submitting the manuscript in the revised **form on or before 2nd of November 2021**

The authors should carefully revise and correct the manuscript taking into consideration the comments of all the reviewers. **50% of the references cited should be between 2016-2020.** **The revised and corrected manuscript should be subjected to plagiarism checker (17% allowed in TJNPR) and English language editing. Evidence of the checks should be attached when submitting the revised/corrected manuscript.**

During submission of the revised manuscript include another file labelled "**Responses to reviewers' comments**" (a matrix) clearly showing your responses to each of the issues raised by the reviewers; mention the section, page and paragraph/lines where and how the changes/corrections have been made.

Strictly adhere to the author guidelines. Make sure that all the facts and information provided in the manuscript are correct. Check grammar, spelling, spacing, other information and facts including scientific names, formulae, symbols, equations, etc.

Ensure that all the references are correctly cited in the text and list. Verify all the references from their original sources. Confirm correctness of the citation info such as authors' names (surnames, initials, spelling, arrangements, etc), year, title, journal, volume, pages,

punctuation, etc. The numbers and units must be presented according to the journal style. Use clearly distinguishable patterns for the illustrations/figures (e.g., graphs and charts) such that they should be legible even for black and white printing or when reduced in size.

Proofread the whole document after effecting all the corrections. The revised version should be approved by all the co-authors before submitting it.

A manuscript not complying with these and other instructions will not be processed and may be rejected.

Please find the attached review comments for your revisions.

Thank you very much for choosing the Tropical Journal of Natural Product Research.

Subject: Revision to your Manuscript

Abstract: include a suitable conclusion.

Page 3, line 63-63; this is the final volume of solvent plus sample? What volume of methanol was used?

Page 3, line 75-78; rephrase for clarity.

Page 4, line 84,98; page 5, line 112; page 6, line 128,137; page 7, line 152; write equation using equation format.

Page 6, line 132-134,146-149; page 7, line 163; rephrase to correct grammatical error.

Include references for all methods.

Intext references should appear after punctuations (commas and full stops).

Table 3-4: confirm the values having commas that they are accurately reported. If they are, consider using mg/mL as unit instead for easy readability.

For reference section: include volume and issue numbers; ref 2,10,15,17,21,22,26.

Ref 6.8; write in English.

Ref 14; included page number.

Replace 'et al' with names of all contributing Authors in Ref no; 15, 16, 18, 20, 22, 23.

Submit the manuscript for English Language Editing.
